## Highlights of Changes in 5.0.35.185

### ID: 12982 Add shortcut key for e-wallet payment.

Due to the frequent usage of E-wallet, we have adjusted that previous F7 was for Credit Sales to be replace by E-wallet and Credit Sales will get assign a new shortcut key which is Ctrl + F4. If the E-wallet option is disabled, the shortcut key for Credit Sales will remain which is F7.

The screenshot displays the FNBPOS interface. At the top, there are fields for Promoter, Member, Cash Sale, Debtor, Available Points, and Point Earned. The Total and Last Change amounts are shown as 0.0. The main area features a large 'AutoCount POS' watermark. On the right side, there is a vertical toolbar with icons for Item (F1), Qty (F2), Price (F3), UOM (F9), Discount (F10), and Delete (Del). At the bottom, there is a horizontal toolbar with icons for Clear Transaction (Ctrl + A), Find Bill (Ctrl + B), Hold Bill (Ctrl + C), Recall Bill (Ctrl + E), Reprint Last Receipt (Ctrl + F), Cash In/ Out (Ctrl + G), More Function (F11), and Logout (F12). In the center-right area, there are buttons for Cash (F4), E-Wallet (F7), Credit Card (F5), and Multi Payment (F6). The E-Wallet (F7) button is highlighted with a red box.
